Marketing Opportunity for SCSTG Sport Friendly Accommodation Providers 2021-22

Introduction

countrysportscotland.com is now recognised as the national website for country sports in Scotland. The website was developed by the Scottish Country Sports Tourism Group (SCSTG) in 2009. As well as consumers being able to search for preferred sport in their chosen region of Scotland, the website hosts many useful pages [sporting offers](#), [news](#) and [events](#) and [travel information](#) (including travelling with firearms). Each sport has an educational page including seasons and there is plenty more information to cater for every need such as beginners', ladies', clothing and equipment, [sporting etiquette and conservation](#).

A makeover to the site in 2013 added features that included Google maps, better search and social media links; it was also made mobile 'responsive' in 2016. The site has had another major redevelopment in May 2021 and can now be translated into 103 languages at the touch of a button; there is the possibility to add videos to provider listings and the whole site is fresher and more user-friendly, with a better search system which also includes the option to search for such things as dog-friendly accommodation.

Mar Lodge Estate - Sporting Provider

The Country Sport Scotland website has proved to be a useful tool in marketing Sporting availability on the estate to clients we would not otherwise have access to. Regular enquiries are received from the website from a diverse range of nationalities, particularly regarding late availability lets. Many of these convert into let days allowing us to fill in blank days on the sporting calendar. It is also very helpful that the website itself is bright, colourful, informative and easy to navigate by prospective clients.
